January 2011

- **Distance from Potential Contamination Sources** – We’ve had questions about how site conditions should be reported on the sample form under 4. Site Conditions. The following guidelines are provided:
  - Fire, fertilizer use, or animal activity can be visually observed from the site during the sampling period (even if it’s not active on the days you’re at the site)
  - There is a significant smell from fire, fertilizer use, or animal activity

- **Sample Change Dates** – Here’s the Tuesday sample change schedule for February – March 2011. All change dates are posted online at [http://go.illinois.edu/NADPCalendar](http://go.illinois.edu/NADPCalendar)
  - February 1
  - February 15
  - March 1
  - March 15
  - March 29

Happy New Year from the CAL Staff
