14 October 2012

**New AMoN Sample Shipping Boxes**  You’ll notice that AMoN sample shipping boxes have changed, hopefully for the better! The new box design features separate holders for the travel blank and deployed sample (see picture at right). This is to reduce the potential for breakage in shipment. The deployed sample will always be in the bag with the preparation batch sticker. Note that the outside top of the box has a label with the target deployment dates; write the actual deployment dates and times on the field form. Always return the samples in the box they came in. We would appreciate your feedback on the new boxes; please contact us with any questions or concerns.

**Sample Change Schedule, October November 2012** – Here’s the Tuesday sample change schedule for October – November 2012.

- October 9
- October 23
- November 6
- November 20
